

# Fruitful

# Youth

CTC started a new youth mini-business project this summer. We're picking berries and other produce at local orchards & gardens to sell at our produce stand next to CTC and to give to our local food bank & Free Lunch Program.

Do you have ripe fruit or veggies that you don't have the time to harvest or just have more than you can use???

We are available Monday-Friday, 8:30-11:30am through August 25th to come and pick your extra produce.

Please Call: 503-852-4405 or email: [danielle@carltontogethercares.com](mailto:danielle@carltontogethercares.com)

Our produce will be available at our produce stand beside CTC (226 E. Main St.) and online @ [www.YamhillValleyGrown.com](http://www.YamhillValleyGrown.com) (hopefully) the first week in August. We will also be on the CTC website @ [www.carltontogethercares.com](http://www.carltontogethercares.com)

Keep an eye out for us!
